To: Water Right File 71-10904
From: nvandyke
Re: watermaster comment

Gave to Nick Miller for watermaster comment, upon his analysis the point of diversion will now be described in the nenwnw Sec23 T08N R14E. See Nick Millers recommendation of watermaster for more discussion on the p/d change. I have discussed this change with regional reviewer Jim Stanton according to him this new p/d location will not need a permit from the forest service which initially held this permit up.
