Apropriation Request 67-14952

Gentlemen:

I strongly object to Mr. David Robidoux's request to divert any water from DeerCreek in T13N R5W.

I speak from first in line downstream under water right No. 67 10761.

The previous owner of Mr. Robidoux's property would at times secretly divert all the water from Deer Creek leaving Zero flow below his property in good water years as well as draught years.

Respectively Submitted 4/17/8
