Ernie

Homes 2, 3 and 4 are in the platted Smedley subdivision
home 2 is located in block 2 lot 20
home 3 is located in block 2 lot 11
home 4 is located in block 3 lot 5

House 1 is not in the platted subdivision but is within the boundaries of Arrowhead Water District as shown on the map we faxed. When we blew up the map at the assessors office we more accurately located the house a couple of hundred feet South of where we originally estimated. This would put it in the NW NE Quarter Quarter Section of Section 11, T 21N R21E. This was determined because the house is directly West of the Arrowhead Domestic Water Storage Tanks which we were able to locate on the expanded view.

If you need further information please advise

Thanks

Gary Leuzinger

Gary I received the map with four Xs to show the location of the new residences. However, what I need is the lot and block description for the four homes, provided this is a platted subdivision.

Thanks

Ernie,Bob Foster faxed the location info on the 4 homes this morning. The township is 21N and range is 21E for all 4 homes.

I talked to Carlin Feisthamel in IDEQ and he said he would contact you and explain the DEQ process that allows up to 15 homes..

Bob Foster Contacted Harry Shannafelt and he indicated the .3 cfs sounds high. We will try to contact Harry and see if we can work with him to get you the info you need.
Please advise if there is anything further you need

Thanks
Gary Leuzinger

You rock. That's why Blockbuster's offering you one month of Blockbuster Total Access, No Cost.
