Re: Ownership of Right

This extension of Time to Avoid Forfeiture, 74-15021, was submitted on March 21, 2008. There was no ownership of right paperwork enclosed. After much research, the applicant for this application was the original owner of 74-2331A which was split into 74-15021 and 74-15022. This owner, Andrews, show to be the original owner from the time the claim was filed, gone through the SRBA and it is now decreed. No ownership paperwork is needed due to the same owner has owned this all a long.
