Idaho Department of Resources
900 North Skyline Drive Suite A
Idaho Falls, Idaho 83402-1718

To whom it may concern,

The following two parcels were once in the estate of Bolen Uresti who has since passed away. The total estate total 222.8 acres, which was left to his three children. We have purchased 137.06 acres of the Bolen Uresti estate and we are asking that the current water rights be split according to ownership of acreage. Charles Higgins is the other sibling who still owns 85.75 acres of the original 222.8 acre estate.

If you have any questions or need any assistance please feel free to call me. Thank you and make it a great day.

Sincerely,

James A. Milgard Jr.
President of JAM Exploration LLC
