Subject: RE: Applications Status

Aaron—I will stop by this morning on way to office. I really need to understand the holdup on this as I told the city last week the lease would be available Friday or early this week. If we need to meet with Jeff , would be glad to do so – whatever will help. Thanks Bruce

Subject: Applications Status

Good morning Aaron. I wanted to check on the status of the two applications I filed. The first, and most important is the City of Eagle application. (By the way, you have permission to move it ahead of my other one.) In addition to the water rights that I identified as potential lease rights, I spoke with Vic Conrad (at Simplot) last Friday. The Simplot right which I recall still has .57 cfs for lease is in the records as being for one year. Vic said he could extend it longer if I wanted to do so. It is a good right for lease for this purpose so wanted you to know this.

The other application I filed is for TFR Partnership. It is for only 50 a/f per year for three years.

If you could give me an update on these, I would appreciate it. The Eagle application is particularly important re: timing. Thanks Bruce
