

JOINT APPLICATION FOR PERMITS

U.S. ARMY CORPS OF ENGINEERS
IDAHO DEPARTMENT OF WATER RESOURCES
IDAHO DEPARTMENT OF LANDS

**DO NOT START WORK UNTIL YOU
RECEIVE PERMITS FROM BOTH THE
CORPS AND THE STATE**

This application may be used to apply for both a Department of the Army permit from the U.S. Army Corps of Engineers (Corps) and for State of Idaho permits. Department of the Army permits are required by Section 10 of the Rivers and Harbors Act of 1899 for any structures or work in or affecting navigable waters of the United States and by Section 404 of the Clean Water Act for discharges of dredged or fill material into waters of the United States, including their adjacent wetlands. State permits are required under the State of Idaho, Stream Channel Protection Act (Title 42, Chapter 38, Idaho Code) and the Idaho Lake Protection Act, Section 58-142 et. seq., Idaho Code. **Route Uses:** Information provided on this form will be used in evaluating the application. Disclosure of requested information is voluntary. If information is not provided, however, the permit application cannot be processed nor can permits be issued. Applicants should send this completed application, along with one set of good reproducible drawings showing the location and character of the proposed project, to both the Corps of Engineers and the State of Idaho. NOTE: DRAWINGS NO LARGER THAN 8-1/2 X 11 INCHES IN SIZE. The Applicant Information pamphlet provides instructions and a checklist for completing the drawings.

3. a. Applicant <u>Steven R Temple</u>	4. a. Authorized Agent <u>N/A</u>
b. Mailing Address <u>1009 Pine Street</u> <u>Sandpoint ID 83864</u>	b. Mailing Address _____
c. Work Phone (<u>208</u>) <u>610-2637</u> Home (<u>208</u>) <u>263-8914</u>	c. Work Phone () _____ Home () _____
d. Fax Number <u>NA</u>	d. Fax Number _____
e. Email Address <u>64skidoo@gmail.com</u>	e. Email Address _____

5. Location where proposed activity exists or will occur.

a. Waterway <u>Lake Pend Oreille</u> Tributary of <u>Columbia River</u> b. Distance/Direction from nearest city or town <u>5 mi east of Sandpoint</u> County/State <u>Bonner/Idaho</u> c. Zip Code <u>83864</u> Local jurisdiction (city or county) <u>Sandpoint</u> d. Directions to the site <u>Sandpoint → Hwy 200E → Kootenai Bay Rd → Whiskey Jack Rd → Whiskey Jack Circle → 1720 Sprey Lan</u>	5. e. Tax Assessor's Description <u>RPO33570010030A</u> Distance/Direction from nearest city/town <u>5 mi east of Sandpoint ID</u> f. <u>SE 1/4 of NW 1/4</u> Section <u>7</u> Township <u>57N</u> Range <u>1W</u> g. UTM Coordinate Grid _____ Zone _____ Northing _____ Easting _____
---	---

6. a. Describe Project (Work below the ordinary high water mark or in wetlands). I would like to install 2 water intake points in Lake Pend Oreille: A) At end of existing dock approx 70' from high water mark and B) on lake bed approx 300'-500' into lake (depending on low water mark). Water will be used for summer irrigation of single household (approx 0.25 acres) and as year round backup supply for domestic water for one household.

b. Construction methods and equipment Equipment: PVC piping at 2" ϕ or smaller and a 1 hp pump. Method: Buried piping (for freeze protection) with piping coupled with PVC cement.

c. Length of project along the stream or extension into lake or reservoir: up to 500' of buried pipe (2" or smaller).

d. Size and flow capacity of proposed bridge or culvert and area of drainage served (sq. miles): (Idaho Department of Water Resources requirement.) _____

COMPLETE THE FOLLOWING FOR DISCHARGES OF DREDGED OR FILL MATERIAL

7. a. Volume dredged or fill material to be placed waterward of the ordinary high water mark (BOTH TEMPORARY AND PERMANENT)? 0 (cubic yards)

b. Will fill be placed in wetlands? NO If yes, area: _____ (acres) Type of fill material: _____ (i.e. sand, rock, clay, concrete, etc.)

c. Will dredging be required waterward of the ordinary high water mark or in wetlands? NO If yes, volume _____ (cubic yards)

d. Type of dredged material _____

e. Disposal site for dredged material: _____ Method of dredging: _____

f. Method to control turbidity and sedimentation: _____

g. Is project located in a mapped floodway? NO If yes, complete the Engineering "No-Rise" certification form.

8.a. Purpose and intended use: Commercial _____ Public _____ Private X Other _____ Describe _____
b. Reason for project Water intake points (2) for domestic and irrigation use on 0.25 acres.
9. Proposed Starting Date Sept 2008 Estimated Duration 3 years
10. List portions of the project that are complete with month and year of completion _____
Label this work on your drawings. _____

11. Names, addresses, and telephone numbers of all adjoining property owners, lessees, etc.

Terrie Guthrie / Edward Robinson 6405 S Auer St. Spokane WA 99223 509-448-8273
Lyn & George Allen 5381 Via Morena, Yuba Linda CA 92886 714-777-6882

☐ Check here if the alteration is located on endowment lands administered by the Idaho Department of Lands

12. LEGAL OWNER IF OTHER THAN APPLICANT

a. Name _____ d. Phone Work () _____
b. Mailing Address _____ Home () _____
c. City, State, Zip Code _____

13. List applications, approvals, or certifications from other Federal, state, or local agencies for work described in this application.

Issuing Agency	Type of Approval	Identification No.	Date of Application	Date of Approval
<u>Id Dept of Water Resources</u>	<u>Permit to appropriate water</u>		<u>4 Feb 2008</u>	

14. Has any agency denied approval for the proposed activity? Yes _____ No X (If "Yes" explain) _____

15. Other comments/information:

If approved, I will not do any work in the waters of the lake. I would
install buried piping only as far as I can go to the low water mark,
at the time the work is done.

16. Application is hereby made for a permit or permits to authorize the activities described herein. I certify that I am familiar with the information contained in this application, and that to the best of my knowledge and belief, such information is true, complete, and accurate. I further certify that I possess the authority to undertake the proposed activities. I hereby grant to the agencies to which this application is made, the right to come upon the above-described location to inspect the proposed and completed work.

St Temple Steven R Temple 1/29/08
Signature of Applicant (ORIGINAL SIGNATURE REQUIRED) Printed Name Date

17. If you wish to designate an authorized agent, complete item 4, item 16 and the following information.

I hereby designate _____ to act as my agent in matters related to this permit application. I understand that if a Federal permit is issued, I must sign the permit.

Original Signature of Authorized Agent _____ Date _____ Original Signature of Applicant _____ Date _____

18 U.S.C. Section 1001 provides that: Whoever, in any manner within the jurisdiction of any department or agency of the United States knowingly falsifies, conceals, or covers up by any trick, scheme, or device a material fact or makes any false, fictitious, or fraudulent statements or representations or makes or uses any false writing or document knowing same to contain any false, fictitious, or fraudulent statement or entry, shall be fined not more than \$10,000 or imprisoned not more than 5 years or both.

DO NOT SEND CORPS PROCESSING FEE WITH APPLICATION

SEND IDAHO DEPARTMENT OF WATER RESOURCES OR IDAHO DEPARTMENT OF LANDS FILING FEE WITH APPLICATION

**STATE OF IDAHO
DEPARTMENT OF LANDS
ATTACHMENT FOR ENCROACHMENT**

Required When Applying for an Idaho Dept. of Lands Lake Encroachment Permit

"Joint COE-IDL Applications" for encroachment must be signed by the riparian or littoral property owner or his lessee. A riparian or littoral owner is the person whose upland property interfaces the ordinary or average highwater mark of a given waterway. A complete application must include the legal description of the upland property; a vicinity map showing the location of the proposal; design plans showing the adjacent boundary lines, encroachment dimensions, water depth, and a lakebed profile, all relative to the ordinary or artificial high water mark; and name and address of the adjacent property owner(s).

DOCK REQUIREMENTS AND SET BACKS

General requirements are as follows:

- 1) Encroachment installed perpendicular to the general shoreline.
- 2) Encroachment not to extend beyond a depth necessary for customary navigation nor beyond the established line of navigation.
- 3) Dock encroachment is not to exceed 700 square feet in size nor 10 feet in width, excluding a slip cutout.
- 4) Approach ramp is not to exceed 6 feet in width. ONLY 4 PILINGS ALLOWED.
- 5) Structure may not be closer than 10 feet to adjacent property and/or riparian boundary lines without written consent from the adjacent property owner, as riparian lines extend into the water perpendicular from the general shoreline.
- 6) Commercial encroachments are required to maintain 25 feet from adjacent property and/or riparian boundary lines.

CONSENT OF ADJACENT RIPARIAN OR LITTORAL PROPERTY OWNERS

Navigational and nonnavigational encroachments located adjacent to an upland property may infringe upon the adjacent property owner. Signature of the owner(s) will automatically rebut this presumption. The owner's signature below and initials per applicant's drawing will complete the permit requirement process.

I, _____, am the owner of riparian or littoral property adjacent to the riparian or littoral area listed in this application. I am familiar with the scope and location of the proposed encroachment as evidenced by accompanying plans which I have initialed. I offer no objection to the encroachment.

APPLICATION BY: SR Temple

Piping & Instrument Diagram

Note: Suction Point A is at end of existing dock, approx 70' from full pool shoreline.
 Suction Point B will be approx 300'-500' from full pool shoreline, depending on how far I can extend it on dry land in winter (I will not put piping in the water). Piping on lake bottom to be buried to prevent freezing.
