Re: Evaluation of Sufficiency of Information Submitted

Transfer proposes changing the place of use of right 36-7032 by shifting acres around to allow for operation of pivot sprinkler systems on a farm located 6.3 to 6.8 miles east and 0.1 to 1.12 miles south of the center of Jerome. An existing well located on the same farm will be used to divert 2.56 CFS and irrigate 233 acres. The water right 36-7032 is part of Water District 130 and also the North Snake Groundwater District. The properties and points of diversions involved with the application are located inside of the ESPA.

- **Authority to File:**
The applicant is listed as the current owner of the right(s) according to IDWR records and also provided a warranty deed for the property.
- **Water Right Validity:**
The right 36-7032 was decreed in the SRBA on 8/27/2001.
- **Injury to Other Water Rights:**
None anticipated.
- **Enlargement of Use:**
None anticipated.
- **Local Public Interest:**
Application will be subject to public notice and protest.
- **Beneficial Use/Conservation of Water Resources:**
Proposed use is recognized as a beneficial use of water.

Review of the application finds there is no clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
