Terry,

Thank you for staying on top of this one. I will give you until Jan. 31, 2006 to supply the information. I would prefer to give you a little extra time over the holidays, since everything seems to get hectic this time of year. If you need more time, please let me know.

Dan -

I'm working on this, and hope to get it to you in the next few days. However, please another couple of weeks in case it slips further. Thanks.

Terry

Dear Mr. Scanlan,

Due to the large amount information required for the large diversion requirement, there should be no problem with the additional 30-day request. I will hold the file until 12/21/2005. If you need more time, please contact me before that date.

Respectfully,

Dan –

I have your letter of October 19 regarding the above referenced application. I am still compiling the information that you requested. Can I have an additional 30 days?
