Re: Water Right Transfer Application
Project No. 820-01-2005

Dear Jim,

On July 11, 2007, Brockway Engineering submitted an application for transfer of water right 35-15467 to change the point of diversion (Transfer No. 73742). After IDWR consideration, meetings with IDWR and Mr. Shaw, and meetings with IDWR, Brockway Engineering, and Mr. Shaw, it was determined that a more acceptable approach would be to structure a transfer to add a point of injection and a point of re-diversion.

We have prepared the corrected transfer as indicated.

If you have any questions, please do not hesitate to contact our office.

Sincerely,

G. Erick Powell, Ph.D., E.I.T.
