Allen,

Thanks for sending that. It has been a while on that one. I'll respond as to what I want to do in a couple of days.

Bill

Bill,

I've scanned a portion of the application to refresh your memory. The scan is attached. As I understand the application it is intended to move some irrigation water from a well from one site to another. The use will remain irrigation.

The transfer is scanned and available at.....

http://www.idwr.idaho.gov/apps/ExtSearch/Docslmages/9rg701_.PDF

Warning that this is a large PDF file (15MB) and may take a long time to download if you have a slow internet connection.

Call if you have questions.

Thanks,

Allen

Allen,

It has been quite a while since I filed this protest and can't even remember what it was on. How can I look it up on the web, or can you tell me who the applicant is and what the nature of the transfer is? Application No. 5500/66920

Thanks,

Bill
