Re: Application for Permit No. 77-14283

Dear Mr. Smid:

The above referenced application should be advertised in the county newspaper (Grangeville) in the first part of April. The Idaho Department of Water Resources (IDWR) hopes to issue a decision on the application by late April or early May, assuming the application is not protested during the legal notice process.

Meanwhile, please complete the enclosed affidavit. I regret this minor detail, required for hydropower projects, was not brought to your attention sooner. This detail will not delay your application if you can return it within the next thirty days.

IDWR forms and other information are available on the Internet at www.idwr.idaho.gov. Please contact me at 208-334-2190 if you need more information. Thank you for your attention to this matter.

Sincerely,

Steve Lester
Water Rights Supervisor
