I am filing a letter of Protest on the
APPLICATION For Permit Ident. No. 67-14952

because this will interfere with my filing on

Deer Creek. The ~~done~~^{filed} by Marshall Williamson

was done before bass ponds, diversions and
storage Reservoirs, which are now being
applied for Permit. "67-14952".

This water starts out on BLM Ground
and ~~goes~~ flows through David E. Robidoux
Property to the Sostland Ditch and on to
Williamson Property Located at 1860 Cemetery Rd.
Weiser, ID in Washington Co. I ~~also~~ think that
the diversion of the Creek and storage for
Ponds and reservoirs interfere with this original
filing done by Marshall Williamson many years
ago.
