

BEFORE THE DEPARTMENT OF WATER RESOURCES
OF THE
STATE OF IDAHO

IN THE MATTER OF PETITION TO
CORRECT WATER RIGHT LICENSE
NO. 45-7600

**PRELIMINARY ORDER
CORRECTING LICENSE**

This matter having come before the Department of Water Resources (Department) as a result of the filing of a petition to correct a water right license, the Department makes the following Findings of Fact, Conclusions of Law, and Order:

FINDINGS OF FACT

1. On August 19, 1986, the Department issued Permit 45-7600 (permit) to the U. S. Dept. of Interior, Bureau of Land Management (right holder), for the diversion of 0.01 cfs from Lone Cedar Spring for stock water and wildlife purposes within the SW $\frac{1}{4}$ NW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 18, Township 15 South, Range 21 East, B. M. with a place of use within the SE $\frac{1}{4}$ SW $\frac{1}{4}$ and SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 10, Township 15 South, Range 21 East, B. M., Cassia County.
2. On December 3, 1986, the Department received the right holder's proof of beneficial use statement for the permit.
3. On November 16, 1987, a Department field examiner conducted an inspection to verify the beneficial use established in accordance with the permit. The field examiner reported that the stockwater and wildlife uses were established in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ and SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 10, Township 15 South, Range 21 East, B. M., and the NW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 16, Township 15 South, Range 21 East, B.M., with points of diversion within the SW $\frac{1}{4}$ NW $\frac{1}{4}$ SW $\frac{1}{4}$ and SE $\frac{1}{4}$ SW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 18, Township 15 South, Range 21 East, B.M., Cassia County.
4. On April 20, 1992, the Department received the right holder's Application for Amendment of Permit (For Licensing Purposes) to add an additional point of diversion in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 18, Township 15 South, Range 21 East, B. M., Cassia County. The Application for Amendment of a Permit for 45-7600 was approved by the Department on June 15, 1992.
5. Section 42-219, *Idaho Code*, says, in pertinent part:

Upon receipt by the department of water resources of all the evidence in relation to such final proof, it shall be the duty of the department to carefully examine the same, and if the department is satisfied that the law has been fully complied with

and that the water is being used at the place claimed and for the purpose for which it was originally intended, the department shall issue to such user or users a license confirming such use.

6. On June 15, 1992, the Department issued Water Right License 45-7600 (license) to the right holder with points of diversion in the SW $\frac{1}{4}$ NW $\frac{1}{4}$ SW $\frac{1}{4}$ and SE $\frac{1}{4}$ SW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 18, Township 15 South, Range 21 East, B. M., and place of use in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ and SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 10, Township 15 South, Range 21 East, B. M., and the NW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 16, Township 15 South, Range 21 East, B.M., Cassia County as reported by the Department's field examiner.
7. On March 25, 1993, the right holder claimed the license in the Snake River Basin Adjudication (SRBA).
8. On March 2, 1998, the Department submitted a Director's Report to the SRBA court recommending that claim 45-7600 be disallowed because the claim was incomplete.
9. On July 2, 1998, the right holder submitted an objection to the Director's Report for Water Right 45-7600 to the SRBA court. The objection stated, "The Name and Address, Source, Quantity, Priority Date, Point(s) of Diversion, Purpose(s) of Use Period of Year, and Place of Use of this water right was not recommended, but should be recommended with the elements described above." And, "This license was disallowed in the Director's Report. The United States of America, acting through the BLM, uses water for stock water purposes at this water source located on public lands. This claim is supplemental to other claims and should be decreed."
10. In 1999, the right holder reported that Global Positioning System (GPS) data its staff had collected during their investigation of the objection indicated the location of the place of use and point of diversion were incorrectly described on the license.
11. The Department has received the right holder's map depicting the GPS data points showing the points of diversion for water right 45-7600 within the SW $\frac{1}{4}$ NW $\frac{1}{4}$ SW $\frac{1}{4}$ and SE $\frac{1}{4}$ NW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 18, Township 15 South, Range 21 East, B. M. and the place of use within the SW $\frac{1}{4}$ SE $\frac{1}{4}$ and SW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 10, Township 15 South, Range 21 East, B. M., Cassia County.
12. On or around July 3, 2002, the right holder submitted a petition asking the Department to correct the land descriptions based on GPS information. The request noted, "BLM is not seeking to transfer (or move) the location of development but is simply seeking to more accurately describe the original constructed location."
13. On February 7, 2006 the right holder submitted an Amended Notice of Claim for 45-7600 changing the claimed points of diversion to SW $\frac{1}{4}$ NW $\frac{1}{4}$ SW $\frac{1}{4}$ and SE $\frac{1}{4}$ NW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 18, Township 15 South, Range 21 East, B. M., Cassia County, and changing the claimed

place of use to the SW $\frac{1}{4}$ SW $\frac{1}{4}$ and SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 10, Township 15 South, Range 21 East, B.M., Cassia County.

14. On March 7, 2008, the right holder submitted an application to amend Permit 45-7600 to depict the points of diversion and place of use as depicted in the February 7, 2006 amended notice of claim.
15. Section 42-111, *Idaho Code*, says, in pertinent part:

Whenever a permit has been issued pursuant to the provisions of this act, and the permit holder desires to change the place, period, or nature of the intended use, or make other substantial changes in the method of diversion or proposed use or uses of the water, he shall file an application for amendment upon forms to be furnished by the department of water resources together with the statutory fee for filing and recording same, and upon receipt thereof it shall be the duty of the department of water resources to examine same and if approval thereof would not result in the diversion and use of more water than originally permitted and if the rights of others will not be adversely affected thereby, the director of the department of water resources shall approve said application and return an approved copy to the permit holder.

CONCLUSIONS OF LAW

1. Under Section 42-219, *Idaho Code*, the Department has a statutory obligation to issue a water right license that accurately portrays the extent of beneficial use of water developed in accordance with the permit.
2. Water Right License 45-7600 described the points of diversion within the SW $\frac{1}{4}$ NW $\frac{1}{4}$ SW $\frac{1}{4}$ and SE $\frac{1}{4}$ SW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 18, Township 15 South, Range 21 East, B. M. and place of use within the SE $\frac{1}{4}$ SW $\frac{1}{4}$ and SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 10, Township 15 South, Range 21 East, B. M., and the NW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 16, Township 15 South, Range 21 East, B.M., Cassia County in accordance with information that proved to be inaccurate under additional scrutiny.
3. The place of use for Water Right 45-7600 should be described as SW $\frac{1}{4}$ SE $\frac{1}{4}$ and the SW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 10, Township 15 South, Range 21 East, B. M., Cassia County and the points of diversion should be described as the SW $\frac{1}{4}$ NW $\frac{1}{4}$ SW $\frac{1}{4}$ and SE $\frac{1}{4}$ NW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 18, Township 15 South, Range 21 East, B. M., Cassia County.
4. The Department should approve the application to amend Permit 45-7600.
5. The Department should revise the legal descriptions for the points of diversion and place of use on the license.
