Re: Application for Transfer / Permits (Six S Ranch LLC)

Dear Corey:

Six S has two more points of clarification for the above-referenced applications. First, the phone number for Six S Ranch on all applications should be (208) 654-2564. Second, the diversion rates on each application for wildlife and water quality improvement uses are not additive although the diversion rates are listed for both proposed uses. In other words, the total quantity to be appropriated for the first application is 3.8 cfs, the total flow for the second is 4.4 cfs, the total flow for the third is 13.5 cfs, and the total flow for the fourth is 10.6 cfs.

Thank you for your assistance in this matter and please call me if you have any questions.

Sincerely,

BARKER ROSHOLT & SIMPSON LLP

Travis L. Thompson
