MEMORANDUM

Date: March 27, 2008

To: Transfer 74640

From: dcarlson

Re: transfer evaluation

This transfer proposes to correct the place of use description and correct the legal description of an existing well. The decreed place of use was incorrect.
They recieved a NOV on this place of use. The WMIS point of diversion and water measurement district info shows the well to be at the pivot point.

Authority to File:
Applicant is the owner of record as far as the SRBA decree and /or submiited ownerhsip change for this
farm.

Water Right Validity:
This water right was decreed in the SRBA in 2003. Air photos from 2006 show it to be irrigated. Forfeiture is not an issue.

Injury to Other Water Rights:
Inside the ESPA area and in Water District 110. The actual well location is within the same cell as the incorrect location, no groundwater model analysis is needed. Will request watermaster comment.
No real hydrologic changes occurring process this as a no advertise transfer.

Enlargement of Use:
There is no evidence of enlargement of use.

Local Public Interest:
No issues identified.

Beneficial Use / Conservation of Water Resources:
No issue identified.

Review of the application finds there is not clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
