Keith,

The addition of B2 as a condition of the permit No. 96-9304 to Silver Leaf Homeowner's Association alleviates the concerns of Kootenai Environmental Alliance (KEA) since it makes the permit consistent with the settlement agreement between KEA and Silver Leaf. KEA finds the permit acceptable.

Barry Rosenberg, Executive Director

Barry,

Yes, we can add B2 as a condition. The reason I didn't include it originally was because it wasn't stated in the "Notice of Settlement and Conditional Motion to Withdraw Protest". I will work up another draft permit and send it out to both parties.

Also, the date on condition 1 you referred to will be determined when the state issues the permit. This is when their proof of beneficial use will be due.

Keith.

Keith,

Thanks for sending me the draft permit for Silver Leaf. There is one inconsistency when compared with the settlement agreement. Both the Applicant and Protestant agreed to have B(2) conditioned in the permit. I do not believe that this condition would place an additional burden on IDWR. If IDWR adds that condition to the permit Kootenai Environmental Alliance would find the draft permit acceptable.

I also noticed that no date was placed on condition 1.

Thanks for all your help expediting this agreement and permit.
Barry
