WATER RESOURCES
WESTERN REGION

Subject: Change of Ownership and Point of Diversion Transfer of Water Right No. 02-7189.

Dear Steve:

Transmitted under cover of this letter, please find the attached Application for Transfer of Water Right No. 02-7189 on behalf of my clients Thomas J. and Mary J. Doherty of Melba, Idaho. The application needs little explanation because it is a simple change of ownership split which requests a new point of diversion on the Snake River. The new proposed point of diversion would be located on the Applicant's property. The Application consists of the following parts:

1. A completed and signed (by the Applicant) IDWR Application for Transfer form.
2. An aerial photograph showing the Place of Use and surrounding area.
3. A portion of a U.S.G.S Topographic Series map showing the proposed new Point of Diversion on the Snake River.
4. The warranty deed for the appurtenant property.
5. A plat map showing the 3.442-acre Lot 4 of the Ferry Heights Subdivision.
6. A copy of water right License No. 02-7189.
7. A check for \$100 to cover the IDWR transfer processing fee.
8. This cover letter.

It is my intention that you find this application complete and thorough so that processing is straightforward and expeditious. Please call me directly at 342-8369 with any questions or if additional information is needed. We will make every effort to respond right away to any such requests.

Respectfully,

Ed Squires

c: Thomas J. and Mary J. Doherty
