To Whom It May Concern,

The legal description of the "new" point of diversion on the application form is inconsistent with the map. I believe that the map is correct, because the department has a record of a diverting works at the location shown on the map for the new point of diversion. I have enclosed with this mailing a copy of the original transfer application with the original map upon which I have highlighted this discrepancy. I have also enclosed a copy of an amended transfer application with a corrected legal description and map. Please review this application and if it is correct please return it to the address listed below.

Furthermore as of the date of this mailing I am unable to find record of Lone Pine Holding LLC or MLS Holdings LLC, as being incorporated in Idaho. These entities must be registered with the state of Idaho before this transfer can be processed.

If you have any questions or concerns please contact me at the number listed below.

Respectfully Submitted,

Nate Arave
