Re: S.O Review

Application for amendment of permit seeks to add two additional wells to 7 existing wells authorized by permit. Permit is for 5 cfs groundwater diversion for municipal use within the service area of North Lake Recreational Sewer & Water District. The place of use is generally described as sections 14, 15, 21, 22, 23, 26, 27, 28, 33 and 34, T16N R03E south of Donnelly. See Steve Lesters comment/analysis and letter in water right file 65-22882 for more discussion on overlap and justification for expedited processing.
