RE: PERMIT NO. 35-13611

Dear Permit Holder:

I have enclosed a copy of the approved Request for Extension of Time ("request") you submitted to the department in connection with the above referenced permit, which extends the time to submit proof of beneficial use to **April 1, 2013**. Please note that the department granted this extension based on evidence of **good cause**. It is important that you work diligently toward the completion of this project during the construction period allowed, since the department will not grant any additional extension requests based on good cause, according to Section 42-204(5), Idaho Code.

Also enclosed is a Water Permit Report prepared after processing the assignment of permit you filed with the department. This report reflects the current ownership information on record with the department for this water right. Ultimately the license will be issued in your name upon completion of the development, use, and field examination. I performed a search of the Secretary of State's office for your association and it appears that you have not registered to do business in the state of Idaho. I suggest that you register your association with the Secretary of State.

According to Section 42-248, Idaho Code, you as the owner of this water right permit is required to maintain current ownership and address records on file with the department. If the department needs to be notified of any ownership or address change, please contact any office of the department for the proper form. Additionally, these forms can be found on our website at: <http://www.idwr.idaho.gov>

If you have any questions regarding this matter, contact me at (208) 287-4942.

Sincerely,

Deborah J. Gibson
Administrative Assistant
Water Allocation Bureau
