Re: Application For Permit to Appropriate the Public Waters of the State of Idaho.

The Idaho Department of Water Resources (IDWR) will need your application to withdraw water from the Pend Oreille River for domestic use in Water Basin 96.

Please review the application I have returned to you with this letter. If you agree with all the data on this application please sign and return it with the map. I have attached a map with the outline location of the place that you have indicated to be the place of use. Please review this map for the correct location of the place of use and point of diversion.

Once the department receives this additional information, processing of the application can continue. If you have any questions, please call me at 208-762-2800 or email me at eric.davis@idwr.idaho.gov

Sincerely,

Eric Davis
Water Resource Agent
Northern Region
