RE: APPLICATION TO RENT WATER FROM THE WATER SUPPLY BANK
WATER RIGHT NO(S). 63-15634

Dear Mr. Thornton:

The Department of Water Resources ("Department") acknowledges receipt of your application to rent water from the Water Supply Bank ("Bank"). Please find enclosed a Water Supply Bank Rental Agreement for your review and signature. Upon signature and return of the original agreement, together with the rental fee described below, the Department will also sign the original agreement and return an executed copy to you. Execution of the agreement and compliance with the conditions of approval authorize diversion and use of water as provided in the agreement.

On the application you requested a rental diversion rate of 0.62 cfs and a diversion volume of 93.0 acre-feet for irrigation of 31.0 acres. The amount of water reflected in this rental agreement is the rate and volume proportional to the amounts authorized under the water right(s) rented and the number of acres to be irrigated: 0.32 cfs and 139.5 acre-feet.

A rental fee of \$ **1,953.00** per year was calculated based on the current rental rate of \$14.00 per acre-foot times a diversion volume of 139.5 acre-feet. An annual payment shall be received by the Department prior to the execution of this agreement and prior to April 1 in all subsequent years for the duration of the rental period. The agreement will be void if the payment is not received for a given year. Send a check, payable to the Idaho Department of Water Resources, along with the signed rental agreement to my attention so I can complete the processing.

Please note that applications for rental of water must be reviewed in accordance with Section 42-1763, Idaho Code, and the Department's Water Supply Bank Rule 30 (IDAPA 37.02.03.030). This includes consideration of whether there will be injury to other water rights, whether the proposal would constitute an enlargement of the water rights, whether the water will be put to a beneficial use, whether the water supply available from applicable rights in the Bank is sufficient for the use intended and whether the proposal is in the local public interest. While a one-year rental usually involves a general review of the water rights and proposed use, rental of water over multiple years may require more comprehensive review, notice to advise anyone who desires to protest the proposed water use, and approval by the Idaho Water Resource Board.

If you have any questions, please contact me at (208) 287-4943.

Sincerely,

Aaron Marshall
Water Allocation Bureau
