PROPOSED CHANGE OF WATER RIGHT

Squaw Creek Ditch Company of 7950 Sweet Ola Hwy, Sweet ID 83670 filed Application No. 74599 to transfer 3 water rights with 1893 to 1934 priorities from Squaw Creek totaling 28.94 cfs for irrigation. The purpose of the transfer is to add 2 pump diversions on Squaw Creek downstream from the main diversion point for the ditch. This is to help a ditch member receive water shares directly from the creek (16 inches or 0.32 cfs). The 2 pumps will be on the creek at the north end of Sweet. Diversion at the main ditch will be reduced by an equivalent amount.

For specific details regarding the application, please contact the Idaho Department of Water Resources (IDWR) Western Region at 208-334-2190 or visit www.idwr.idaho.gov with detail provided under "new water right applications." Protests may be submitted based on the criteria of Sec 42-222, Idaho Code. Any protest against the proposed change must be filed with the Director, IDWR Western Region, 2735 Airport Way, Boise ID 83705-5082 together with a protest fee of \$25.00 for each application on or before April 7, 2008. The protestant must also send a copy of the protest to the applicant.
