**RE: APPLICATION FOR PERMIT 63-32229 AND APPLICATION FOR
TRANSFER 73959**

Dear Mr. Martin:

On 10/19/2007, we had a meeting to go over the above application for permit and application for transfer. During that meeting, you decided to take the original application and transfer back to be re-worked. At that time, I informed you that our office generally will allow 30 days for the applicant to perform these types of corrections. During this meeting you assured me that the applications would be returned within the next 30 days. I agreed to this request without a formal request for the information.

Whereas the 30 day period has almost expired, I am required to make a formal request for the information needed for these two applications. I am able to allow you an additional 30 days to supply the information, but I will not be able to allow you more time without a formal request for additional time.

Please submit the requested information to allow final evaluation of your application to be completed. You may seek additional time to provide the information by making a written request to delay or interrupt processing. Your written response including the requested information, or a request for more time to seek the information, must be received by 12/17/2007. The application for permit will be voided and the application for transfer will be rejected or denied without a timely reply.

If you have any questions or concerns please contact me at the above address.

Respectfully,

Daniel A. Nelson
Sr. Water Right Agent
