Dear Mr. Smith,

It is my understanding that Bear Lake West Home Owners Association Inc. is registered with the state of Idaho as a public water system number 604-0005. As a result of this it would be possible to change the nature of use of water rights 11-7027, 11-7035, and 11-7142 from domestic to municipal. I have enclosed an amended application for transfer which reflects this change. If changing the nature of use to municipal is not desired the units served under each water right must be identified to process the transfer. Water right 11-7027 authorizes 3 units, 11-7035 authorizes 25 units, and 11-7142 authorizes 9 units. These units would need to be identified using the lot and subdivision system.

Furthermore, if you desire to change the nature of use to municipal permit 11-7017 can also be changed to municipal via a licensing amendment.

If you have any questions or concerns please contact me at the number listed below.

Respectfully Submitted,

Nate Arave
