

MEMORANDUM

Date: January 30, 2008
To: Transfer 74457
From: jlarsen
Re: Transfer Evaluation

This transfer proposes to change the point of diversion, nature of use, period of use, and place of use. The new right will include the diversion to storage and fire protection storage. The pond will also need a new well. Water right 22-13818 was added to transfer as a means of accounting for the remainder of the split from parent right 22-13799 helping clean up arcview and conditions.

Authority to File:

Applicant is the owner of record as shown on the Water Right Purchase and Sale Agreement, dated 6SEP2007.

Water Right Validity:

This water right was licensed on 30JUN1995 and 2004 aerial photos show it being irrigated. Forfeiture is not an issue.

Injury to Other Water Rights:

Not currently in a Water District.

Transfer will be advertised to determine any protests.

There are no other POD or POU listed in the applications QQ.

Enlargement of Use:

There is no evidence of enlargement of use. The mitigation plan submitted by applicant is sufficient to provide mitigation to prevent enlargement.

Local Public Interest:

No issues identified.

Beneficial Use / Conservation of Water Resources:

No issue identified.

Review of the application finds there is not clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
