Re: Application For Permit to Appropriate the Public Waters of the State of Idaho,
The Ranch at Riverbend, LLC.

Dear Mr. McNee:

The Idaho Department of Water Resources (IDWR) is returning the recently submitted application for The Ranch at Riverbend, LLC, for the following reasons:

First, only an officer, director, member or manager of the LLC can sign the application. Before the department can begin processing, the proper signature must be in place.

Second, the map submitted does not adequately show the location of the place of use or the point of diversion as they relate to the quarter quarters of the appropriate sections. Please review the attached aerial photograph and draw the boundary for the place of use and indicate the location of the well. Also, check line item # 9, of the application to make sure all of the quarter quarters are indicated for the place of use. It appears some may have been omitted.

Once IDWR has received the corrected application and additional information, processing can continue. If you have any questions, feel free to contact me at this office.

Sincerely,

Keith E. Franklin
Senior Water Resources Agent

Enclosure.
