Re: Application For Permit to Appropriate the Public Waters of the State of Idaho

Dear Mr. Engle:

The Idaho Department of Water Resources is returning your recently submitted application for corrections, additional information and clarification as per the departments telephone conversation with you on August 15, 2007.

From the telephone conversation, you are interested in applying for a domestic water right that will serve one home, including the irrigation of up to one half acre of lawn & garden, as well as a commercial component that will supply water to your restaurant. Enclosed is an example application incorporating all of the elements as discussed on the telephone for you to review. Also enclosed is a blank form you may want to complete, with the corrections and resubmit rather than correcting the original form.

An aerial photograph of your property is also attached for your review. If this is an accurate depiction of where the water will be used, please let the department know. If you have any questions, don't hesitate to contact me at this office.

Sincerely,

Keith E. Franklin
Senior Water Resources Agent

Enclosure.
