RE: Application for Permit No. 98-7863

Dear Gail:

This is the water right for Sam Fodge that was scheduled to run September 6 and 13, 2007, but only ran on the 6th. We will handle this as a completely new request to publish.

I will be out of town all next week, so am sending this early, seeking publication as referenced below.

Enclosed you will find a legal notice which we wish to have published in your newspaper on the dates indicated, October 18 and 25, 2007, (once a week for two consecutive weekly issues). If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department along with the publication bill. Please send the affidavit and bill to this office before 11/05/2007. Your cooperation is truly greatly appreciated.

Thanks, Gail -- for ALL your help always. We recognize that sometimes these things happen, and we just go on from there. You are always very a pleasure to work with.

Any questions, I'll be here till 5:00 this evening.

Sincerely

Dianne

RE: Application for Permit No 98-7863

Dear Applicant(s):

The Department of Water Resources acknowledges receipt of your water right application. Please refer to the above referenced number in all future correspondence regarding this application.

The legal notice scheduled for publication in the Bonners Ferry Herald on September 6 and 13, 2007 only managed to run on the 6th. Therefore, because it must run two consecutive Thursdays, we must re-advertise beginning on October 18 and 25, 2007. Submittal of protests to this application will still be allowed for a period ending ten days after the second publication.

If the application is protested you will be sent a copy of the protest(s). All protests must be resolved before the application can be considered for approval. If the protest(s) cannot be resolved voluntarily, the Department will conduct a conference and/or hearing on the matter.

If the application is not protested, it will be forwarded to our State Office in Boise for final processing. The State Office will notify you of any action taken on the application and will send you a copy of the permit if approved. A typical processing time for an unprotested application is about eight to twelve weeks.

Please feel free to contact this office if you have any questions.

Sincerely,

Keith E. Franklin
Senior Water Resource Agent
