Dear Mr. Cashon:

Thanks for the information you provided concerning Permit 95-8924 during my visit to Rathdrum Power LLC. This letter provides information concerning an amendment to Permit 95-8924 that must be completed before this water right is licensed by the Idaho Department of Water Resources (IDWR).

Attached is a copy of the Permit and maps showing the Global Positioning System (GPS) well locations found during my visit. One of the well locations / Points of Diversion (POD) does not match the location listed on the Permit. The error is highlighted in bold text below:

Permit 95-8057 PODs (Wells)

NWNE, Section 11, Township 51N, Range 05W
NENW, Section 15, Township 51N, Range 05W

Actual Well Locations

NWNE, Section 11, Township 51N, Range 05W
NENE, Section 11, Township 51N, Range 05W

IDWR cannot issue a license based on the current Permit due to the inaccurate POD. Please complete the enclosed Application For Amendment of A Permit and mail it with the \$50 Amendment fee to the IDWR Northern Region Office in Coeur d'Alene.

The additional territory that you indicated a desire to irrigate must be done with a new water right. This can be done with the same wells as Permit 95-8924. An application form is enclosed.

Please contact me at (208) 762.2816 or via e-mail at Shaun.Maxey@idwr.idaho.gov if you have any questions.

Respectfully,

Shaun M. Maxey
