Subject: Reply Letter for 65-22942 Basso's Application

Pat,

Attached is the letter the Dept. received on 8-2-05 in response to the telephonic conference held on 7-6-05. This is per our telephone conversation on Wednesday, 8-21-05. I will put a copy of this email in the file to note that you called in to inquire about what the next step is. It was my understanding that you would be sending in a comment letter concerning the hearing and the possible settlement issues.

Sincerely,

RE: Application for Permit #65-22942-Basso

Dear Mr. Westra:

I have reviewed our Pre-Hearing Conference Meeting with our protestant group relative to the Basso's Application. We feel Mr. Basso's proposal of utilizing a storage tank during water short periods in the creek/curtailment has merit. The Basso's would amend their application to reflect additional uses as stated in your Pre-Hearing Conference Notes ie:

irrigation diversion to storage 11/1 thru 6/15
irrigation diversion from storage 4/1 thru 10/31

This would make the curtailment period 6/15 thru 10/31, and any irrigating would be from storage 4/1 thru 10/31.

Please advise the status of this application.

Sincerely,

Roger Belau
