PROOF ACKNOWLEDGMENT LETTER

RE: PERMIT NO. 98-7840

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use ("proof") form submitted for the above-referenced permit. The next step in the process of developing a water right is for the department to conduct the field examination to determine and confirm the use of the water, and that it meets the permitted beneficial use.

Well Construction Rules of the Department require an additional drilling permit fee in some cases where an increased use of water is authorized for a well. Department records indicate that an additional drilling permit fee in the amount of \$125.00 is due based on the water use developed under your water right permit. Failure to pay this fee may be cause for cancellation of your water right permit. Please submit this fee to the Department along with a note of reference identifying the drilling permit number D028805 and explaining that the money is for a drilling permit upgrade fee.

Be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov

If you have questions about the field examination, please contact the Northern Regional Office of the department in Coeur d'Alene at (208) 762-2800, questions about the proof or the upgrade fee contact me at (208) 287-4942.

Sincerely,
