RE: Status

She called to check status of 63-32418.

Actually A package of Appls:

- permit
- transfer by dith co. to mitigate.

Processing Remains on hold pending post-528A efforts.

Told her about requests to do "preliminary processing" -

Advise who review - could cause delays later -

have done for several transfers, have not done for any permits. Would have to think that through if request made.

Noted transfer to Attorney for dith co.
