Re: Orion Park Water Right Transfer Application

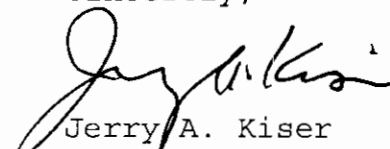

Dear Department Representative:

Enclosed is an Water Right Transfer Application together with an application fee. This application is to transfer a portion of a water right held by the Middleton Irrigation Association, Inc. for irrigation use to aesthetic use. This application is submitted in conjunction with W & H Pacific, engineer for Orion Park Subdivision, to accomplish mitigation for evaporative loss of water from ponds in Orion Park Subdivision. It is my understanding W & H Pacific is also submitting an application on behalf of Orion Park Subdivision for a groundwater permit in conjunction with this transfer application.

Any correspondence or questions regarding the application should be directed to me, as well as Allison Gillis, representing Orion Park Subdivision and its developer/owner.

Your cooperation in this matter is appreciated.

Sincerely,

Jerry A. Kiser
Attorney at Law
