

MEMORANDUM

Date: December 11, 2007

To: File No. 63-17422 and 63-18586

From: Emalee Rushing

Re: POU

I received a phone call on this date from a customer who was inquiring about water rights in T2N, R1E, Sec. 4 SWSE. While conducting my research I found the above mentioned water rights. Upon further research as to exactly what water right was associated with which property I discovered:

- WR 63-17422 – current owner is Gibson – proof report indicates the property is known as Lot 2, Blk 1, Gibson subdivision.
 - Tax lot info indicates that Lot 2 Blk 1 is in the **SESW**.
- WR 63-18586 – current owner is Floyd (same as tax lot info) – proof report indicates the parcel no. is R3115780150
 - Tax lot info indicates that parcel no. R3115780150 is located in the **SESW**

It appears that the above listed water rights have the POU listed in the wrong $\frac{1}{4} \frac{1}{4}$. I also discovered that the address of the WR owners matched the address of the tax lot data. What is not clear is whether the error was made by the claimants when the claims were filed or by the department.

No further action is taken at this time.
