Some of Thes People may be in the wrong designation, but they all received Trout Creek water. Some of these, I can only remember the last names. There were earlier settlers too, that I only know some names, but do not know where they lived, except that it was on the trout Creek drainage. One was named Chris Lusher, and another was a Mr. Morgan. I do hope this helps. I will have both documents notarised, and send them to you.
