RE: Application for Permit

Dear Applicants:

Your application for permit to appropriate irrigation and domestic water from the Little Salmon River was received 3/23/1994.

Due to continued drought and the need to protect existing water rights and water supplies, the Director of this agency declared a moratorium on 5/15/92 concerning water right applications proposing new consumptive uses of public water. The moratorium has been lifted in some areas of the state, but remains in place for the Salmon River Basin. We will not be able to process your application at this time. Delays related to department decisions do not affect the date of priority or seniority of your application.

This office will continue to hold your application pending future developments in the water supply situation and will inform you of any changes. If you have any questions, please feel free to contact me at 334-2190.

Sincerely,
