Attn: Cynthia Bridge-Clark

Subject: Application to rent water from the water supply bank

Dear Ms. Bridge-Clark,

Enclosed please find an application submitted on behalf of L. Darwin McKay seeking to rent 32.5 acre-feet of water from the Idaho Water Supply Bank. Mr. McKay is seeking a temporary supply of ground water to supplement surface water. He anticipates using the ground water later in the 2005 irrigation season as surface water supplies become unavailable. Water will be used for the irrigation of turf. A maximum of 1/2 acre-foot per acre for 65 acres will be diverted.

Please let me know if you have any questions regarding this application.

Sincerely,

Scott N. King, P.E.
Senior Project Engineer
