On December 16, 2005, the Idaho Department of Water Resources filed its *Director's Report for Basin 63, Part II, for Irrigation and Other Water Rights*, which included recommendations for water right number 63-00196.

On March 5, 2007, the Idaho Department of Water Resources filed a *Notice of Completed Administrative Proceeding and Amended Director's Reports* notifying the Court that water right 63-00196 had been split into water rights 63-32593 and 63-32594. On April 2, 2007, the Idaho Department of Water Resources filed an additional *Notice of Completed Administrative Proceeding and Amended Director's Reports* notifying the Court of a change in quantity for water rights 63-32593 and 63-32594. No objections were filed to either of the *Amended Director's Reports* for the above-captioned water rights and the time period for filing objections has expired.

Therefore, IT IS ORDERED that the above-captioned water rights be decreed as set forth in the attached *Partial Decrees Pursuant to I.R.C.P. 54(b)*.
