RE: Application for Transfer 73997

Dear Applicant(s):

The Department of Water Resources has received an application for transfer. Preliminary review of the application indicates that it is for property that you currently own.

We are returning a copy of the original application to allow you to review. We also have included a new transfer application. If you agree to this transfer, you must sign the new version of the transfer and return it to IDWR at the above address.

Please feel free to contact this office if you have any questions.

Sincerely,

Dave Carlson
IDWR-Eastern region

This transfer is to correct the point of diversion location on your water right. The change in point of diversion occurred in 2000.
