RE: Change of ownership WR#: 69-11527 and 69-10000

Dear Ms. Buffington:

We are responding to your correspondence of 01/14/08 concerning the above mentioned water rights, indicating that you were unable to remove William D. and Nancy L. Jordan due to the fact that the deeds submitted did not cover those particular water rights.

Enclosed, please find a copy of the Warranty Deed signed by both William D. and Nancy L. Jordan on 03/27/95. This document reflects the selling/conveyance and releases all of their interest and rights to the property to William C. and Wendy A. Jordan. You will also find attached a description of the property (exhibit A). This deed covers the place of use of water rights for N1/2 of the SW 1/4 of section 35, T20N R3W.

At this time, please go ahead and remove William D. and Nancy L. Jordan's names from the water rights. We would appreciate a copy of the updated change in ownership as soon as it is available.

Thank you for your attention to this matter.

Sincerely,

  
William C. Jordan

  
Wendy A. Jordan
