

MEMORANDUM

Date: December 28, 2007
To: Transfer 74231
From: Dcarlson
Re: transfer evaluation

This transfer proposes to dry up two groundwater rights and part of another and move the place of use to a subdivision/golf course/park. One well is an existing well to be pumped into Grand Teton Canal. The other well is a new well at the place of use. 307 acres of ground water rights being moved onto a larger place of use.

Authority to File:

Applicant is the owner of record as far as the SRBA recommendations or submitted ownership docs..

Water Right Validity:

These water rights were recommended in the SRBA in 2006. Forfeiture is not an issue.

Injury to Other Water Rights:

Acre limits will carry forward.

Transfer will be advertised to determine any protests.

Enlargement of Use:

There is no evidence of enlargement of use. Acre limits/diversion volumes limits carry forward.

Local Public Interest:

No issues identified.

Beneficial Use / Conservation of Water Resources:

No issue identified.

Review of the application finds there is not clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
