Administrative Assistant
Idaho Department of Water Resources

I would like to request a formal hearing for the objection of Annie Vethus. My application for Transfer # is 73263.

I've met with Idaho Fish & Game, and they have dropped their objection.

I spoke with Annie Vethus and basically told me that I've lost my water right.

I supposed I need first to fight for my water right and then for the transfer. If you have any questions feel free to call.

Thank You
