RE: Water Right Permit Nos. 67-7281, 67-7292, and 67-2365

Dear Mr. and Mrs. Cada:

The Department of Water Resources sent Application for Amendment forms to the address above on October 18, 2007, for the above referenced water right permits. The amendments are required because the field examiner who verified the water use established in connection with the above referenced permits reported that one or more elements of the water use differs from the permits. As of this date the Department has not received a response.

If the Department does not receive the signed applications for amendment by December 14, 2007, licenses for water right nos. 67-2365 and 67-7292 will be issued for less than indicated on the applications for amendment and water right permit no. 67-7281 will be voided. Please note that a \$50.00 filing fee is required for each amendment for a total of \$150.00 due.

If you have any questions, please contact me as soon as possible at (208) 287-4943.

Sincerely,
