RE: Assignment of Permit No. 13-7390

Dear Interested Party:

The Department of Water Resources acknowledges receipt of your Assignment of Permit. Our review of your notice indicates that additional information is required before we can process the change.

Permit No. 13-7390 is considered the personal property of Neil and/or Irene Duff. In order to change the name of this permit, we would need an assignment of permit from the Duffs to the Edges (or Duffs to Liechty). I do note that date on the warranty deed is 1991 and locating the Duffs may be difficult. I've enclosed an Assignment of Permit form for your convenience.

Because the Department cannot process the ownership change without proper documentation, we will hold any action on your notice pending receipt of the necessary information. Please submit the additional assignment of permit within the next 60 days.

Please note that the next step in the permitting process will be completion of a field exam to verify the extent of beneficial use developed under the permit. Once the field exam is completed, and the license is issued, the water right will be considered real property and not personal property. If you are unable to obtain the assignment, you may want to contact the Eastern Region at 208-525-7161 to request a field exam.

If you have any questions, please contact me at 208-287-4952.

Sincerely,

Emalee Rushing, Office Services Supervisor
Water Allocation Bureau
