PROOF ACKNOWLEDGEMENT LETTER

Re: Permit No. 27-7586

Dear Permit Holder:

The department acknowledges receipt of the Proof of Beneficial Use ("proof") and the documentation you provided the department for reinstatement of this permit. Because proof was submitted on October 16, 2007, which is more than 60 days after the lapse notice, an order was issued that reinstates the permit and advances the priority date according to Section 42-218a(2), Idaho Code. Enclosed is a copy of that order and the proof you submitted.

I found that the proof was returned to you because a filing fee was required, but review of this permit file verifies that the fee is not required. Therefore, with this letter I am requesting that the \$100.00 the Department received from you on November 15, 2007 must be refunded. A check will be issued in the name of Lillian Valley School in 7 to 10 business days and mailed to you at the above address.

Also enclosed is the architect plans for the Library Addition that you sent me. The Department's decision to reinstate this permit did not require this information.

The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water. If you have questions concerning the field examination, please contact the **Eastern** Regional Office of the department in Idaho Falls at (208) 525-7161.

Please be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. If you decide to file a change in address or in the future you need forms to file a change of ownership, these forms are available from any department office or from our website: www.idwr.idaho.gov

Sincerely,
