Attached are the notice letters that pertain to the water right permit for the gas station, etc. Please file either the proof of beneficial use (if the project is completed) or a request for extension of time (to extend the proof deadline). I've attached both forms for your consideration, with an Assignment of Permit that you can change the name of the permit over to the company's name. Sign on behalf of Marvin Wallin, and provide us with documents that show your authority on behalf of his estate. There are fees associated with the filing of these forms. The fees are: the request for extension of time is \$50.00, and the assignment of permit is \$25.00.

Please contact me at the above number if you have any problems with the transmission of this fax, or if you have any questions.
