RE: APPLICATION TO LEASE ALL OR PART OF WATER RIGHT NO(S) 47-2296C
TO THE WATER SUPPLY BANK

Dear Lessor:

The Department of Water Resources ("Department") has completed its review of the Application to Sell or Lease Water Right(s) to the Water Supply Bank ("Bank"). The offered water right(s) is accepted into the Bank in accordance with the attached Water Supply Bank Lease Acceptance. If you do not agree with the conditions of the Lease Acceptance and would like to withdraw your water right from the Bank, you must contact the Department within thirty (30) days of receipt of this notification.

The right(s) will remain in the Bank for an "indefinite" lease term unless the right(s) are released earlier by the Board, or upon request by the lessor. To change the term of the lease or to release the right(s) from the Bank, the lessor must submit a request in writing to the Department prior to the release date.

In the letter amending the application, the portions of the right offered for stockwater use were a diversion rate of 0.053 cfs and an annual volume of 38.6 acre-feet and the portions of the right offered for commercial use were a diversion rate of 0.027 cfs and an annual volume of 19.8 acre-feet. Based on Department standards, diversion rates are described to the nearest hundredth of a cubic foot per second. The rates offered were rounded to the nearest hundredth of a cubic foot per second for acceptance into the Bank. The annual volume offered was adjusted based on a constant year-round diversion rate as calculated in the application amendment letter.

Please review the conditions of acceptance listed on the Lease Acceptance and contact me if you have any questions at (208) 287-4943.

Sincerely,

Aaron Marshall
Water Allocation Bureau
