DECREE

This matter was set for trial and continued at the request of counsel who would furnish a stipulation to the court. A proposed stipulation has been furnished but no stipulation signed by the parties has been submitted. However, the court will accept the proposed stipulation as binding and if any party does not agree to this they will evidence the same. However, the absence of objection is presumed approval by the court.

The court finds the water rights to be as follows:

the Federal Government to appear before the State Courts and prove their rights, other than by reiterating the reservation. That would amount to a lawsuit to determine what has been fully and publicly declared to be.

The pronouncement of the Amendment is that the Federal Government must factually prove their reserved rights which did not occur in this case.

IT IS HEREBY ORDERED that the water rights in this matter, together with their priority are as found herein.

IT IS FURTHER ORDERED that the Federal Government did not prove any water rights reserved under Presidential Proclamation 24 Stat. 3206, dated May 28, 1906.

DATED this 3rd day of January, 1974.
